

## Summary of Iowa's Tobacco Settlement

The following is a summary of Iowa's tobacco settlement payments and securitization process:

- On November 20, 1998, 46 states approved a settlement agreement with the four major tobacco industry manufacturers comprising 99.4% of the United States cigarette market.
- Under the Master Settlement Agreement (MSA), Iowa began receiving annual payments from the tobacco industry in FY 1999.
- Iowa receives annual payments from the tobacco industry that range between \$50.0 million and \$80.0 million annually.
- A total of 78.0% of the annual payment goes to a trustee to pay the debt service on the bonds that were issued in 2001 and then restructured in 2005. The debt service payments range from \$39.0 million to \$62.0 million.
- The remaining 22.0% is currently deposited into the Rebuild Iowa Infrastructure Fund (RIIF) and totals between \$11.0 million to \$16.0 million annually. Originally, the 22.0% was deposited in the Endowment for Iowa's Health Account.
- Page 2 shows the Tobacco Settlement Revenues by fiscal year projected to FY 2049.
- Page 3 shows the amount of net proceeds the State received in FY 2002 from the initial sale of the tobacco bonds and the net proceeds received in FY 2005 from the restructuring. The net proceeds represent the amounts that were available to the General Assembly for appropriation, after cost of issuance and debt service reserve fund requirements were deducted.
- Page 4 is a flow chart of the initial tobacco securitization.
- Pages 5 and 6 show the history of revenues and expenditures of the Endowment for Iowa's Health Account and the Healthy Iowans Tobacco Trust Fund. These Funds were closed out in FY 2010 and FY 2009, respectively.
